

Cordless Steam Iron with Detachable Unit

This cordless steam iron features a detachable iron unit and a charging base. It provides cordless operation for flexible ironing.

Product Overview

Cordless Steam Iron with Detachable Unit

This cordless steam iron offers professional-grade flexibility for garment care, featuring a detachable iron unit that allows for unrestricted movement during use. Designed for efficiency, it includes a stable charging base that ensures the iron remains powered and ready for the next task. The unit combines a sleek white and blue aesthetic with variable temperature controls to accommodate a wide variety of fabric types.
