Product Overview

Versatile Cordless Inflation Solution

This 16V cordless air pump set offers a dual-function design, incorporating both a high-pressure tire inflator and a high-volume blower. Engineered for convenience, it features a digital LCD pressure gauge with automatic shut-off functionality to ensure precise inflation without the risk of over-pressurization. With its ergonomic rubber-grip handle and comprehensive set of included nozzles, this tool is a reliable choice for maintaining tires, sports equipment, and various inflatables.
