

Cordless Tire Inflator with Digital Gauge

This cordless tire inflator is designed for inflating tires, sports equipment, and other inflatables. It features a digital pressure gauge for accurate inflation and automatic shut-off to prevent over-inflation.

Product Overview

Portable Inflation Solution

This 20V cordless inflator is designed for portability and convenience, making it an essential tool for maintaining tires, sports equipment, and various inflatables. It features a precise digital pressure gauge and an automatic shut-off function to ensure accurate, safe inflation without the risk of over-inflation. Powered by a 20V MAX PLUS battery system, this compact unit offers reliable performance for a wide range of inflation tasks.

Technical Specifications

Voltage	20V MAX
Battery Capacity	2 Ah
Power System	20V MAX PLUS

Key Features

Ideal Applications

- Vehicle Tires
- Sports Equipment
- General Inflatables

Key Capabilities

Digital Pressure Gauge, Automatic Shut-off, Cordless Operation, Compact Design
