Product Overview

Professional Cordless Tube Belt Sander

This high-performance cordless tube belt sander is engineered for efficient polishing and finishing of stainless steel round tubes. Featuring a robust 400W motor and variable speed control, it ensures stable performance and ease of operation for diverse metalworking tasks. The cordless design, powered by an 18V 4.0Ah battery, offers exceptional portability and flexibility for on-site applications.

Technical Specifications

Power Output	400 W
Battery Voltage	18 V
Battery Capacity	4 Ah
Speed Range	1400-2000 rpm
Belt Size	32 x 550 mm

Certifications & Compliance

Certifications	CE, RoHS
