Overview

Versatile 3-in-1 Cordless Cleaning Solution

This advanced cordless cleaner combines vacuuming, mopping, and waxing functionalities into a single ergonomic device. Powered by a 50,000 RPM brushless motor, it delivers up to 7600Pa of suction while simultaneously performing high-frequency vibration mopping at 1200 RPM to imitate human hand movements. Designed for the modern home, it features a flexible 270-degree rotation and LED lighting to ensure thorough cleaning under furniture and in hard-to-reach corners.

Performance

High-performance brushless motor provides up to 7600Pa of suction power for deep cleaning.

Suction Performance

7600 Pa

Max Suction

50000 RPM

Motor Speed

1200 RPM

Mop Frequency

Suction Modes

Mode	Power (Pa)	Best For
Standard Mode	6400	Dust and paper scraps
Powerful Mode	7600	Pet hair and shells

Battery & Power

Operating Runtime

- Mopping only: 120 minutes
- Vacuum & Mop mode: 20 minutes

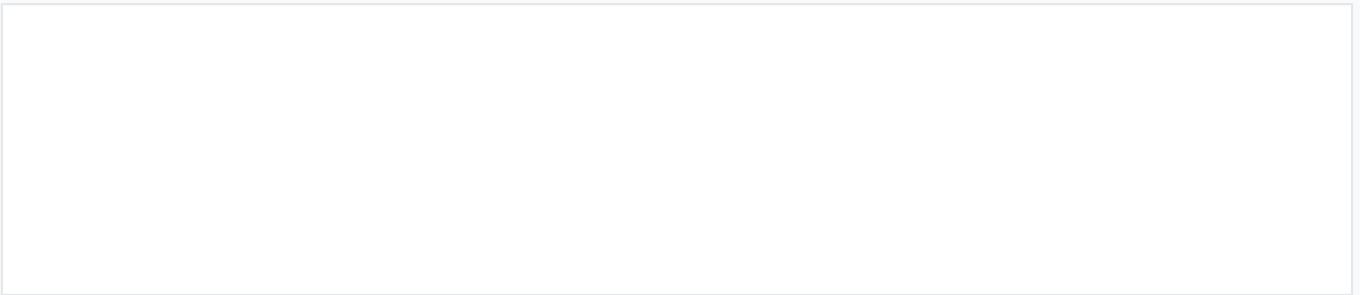

Battery Capacity

2000 mAh

Voltage

22.2 V

Design & Ergonomics

The 270° swivel head and low-profile design with LED lights allow for easy cleaning under sofas and beds.

Maneuverability Features

270° Flexible Rotation, LED Headlights, Self-Locking Vertical Stand, Cordless Design, One-Button Spray

Maintenance & Filtration

Dual-compartment system with separate 160ml water tank and 220ml dustbin for hygienic maintenance.

Tank Capacities

Component	Capacity
Dustbin	220ml
Fresh Water Tank	160ml

Filtration System

HEPA Filtration

Application

Cleaning Capabilities

- Juice and Milk Stains
- Footprints and Dirt
- Oil Stains
- Pet Hair
- Floor Waxing and Maintenance

Suitable Surfaces

Ceramic Tile, Laminate Floor, Wooden Floor, Marble
