

Corner Electric Fireplace with Realistic Flame

This corner electric fireplace provides two heating power options: 1000W and 2000W. It features adjustable flame settings, overheat protection, and thermoregulation for safety and comfort.

Overview

Elegant Heating Solution

This corner electric fireplace combines European-style aesthetics with efficient heating performance. Designed for versatility, it features adjustable flame effects for a vivid, realistic ambiance and two heating power settings to suit your comfort needs. With built-in safety features like over-heat protection, it provides a reliable and stylish focal point for any room.
