

Countertop Juice Extractor with Dispenser

This kitchen appliance efficiently extracts juice from various fruits and vegetables. It features a dispensing spigot and user-friendly controls.

Product Overview

Professional Countertop Juice Extractor

This compact and efficient countertop juice extractor is designed for seamless beverage service in commercial environments. Featuring an integrated dispenser spigot, it allows for direct pouring, reducing handling time and mess. Its intuitive control panel with multiple function buttons ensures consistent performance, making it an ideal solution for busy cafes, breakfast bars, or juice stalls.
