

Countertop Water Purifier with Standard Cartridge

This countertop water filter features an elegant design and simple installation. It accepts most standard cartridges for fast filter changes, with an optional sediment filter.

Product Overview

Clean Water on Demand

This countertop water purifier is designed for efficient and convenient access to safe drinking water in both home and office environments. Featuring a robust filtration system using PP and block carbon, it effectively processes standard tap water. With its compact footprint and straightforward installation, it provides a reliable solution for daily hydration needs.

Performance Metrics

Outflow Rate

0.5 L/min
Outflow

Total Filtration Capacity

1000 L

Technical Specifications

Filter Media	PP, Block Carbon
Operating Pressure	0.15 - 0.5 MPa
Operating Temperature	5 - 38 °C
Compatible Water Source	Tap water

Dimensions

Dimensions (W x D x H)	136 x 136 x 304 mm
