Product Overview

Efficient and Safe Heating Solution

This covered digital oil-filled radiator offers a sophisticated heating solution designed for safety and comfort. It features a unique air pipe structure for rapid heat distribution and high-quality conductive oil for long-lasting warmth. With silent operation and no oxygen consumption, it provides a comfortable environment ideal for any room setting.

Performance & Control

Power Settings	3 levels
Timer	24 hours
Control Interface	Digital Touch Panel, LED Display, Remote Control

Safety Features

Safety Protections

Overheat Protection • Tip-over Switch • Covered Housing

Design & Convenience

Key Features

- Silent operation
- No oxygen consumption
- Mechanical On/Off switch
- Faster heat radiation via air pipe structure

Mobility	Foldable wheel base, pre-assembled
