

CRT Television with Integrated Speakers

This is a cathode ray tube (CRT) television with a boxy silver design. It includes integrated speakers on either side of the screen and control knobs for adjusting settings.

Product Overview

Classic Visual Experience

This cathode ray tube (CRT) television offers a nostalgic viewing experience with a distinct retro aesthetic. Featuring a robust, boxy silver design, it is equipped with integrated speakers on both sides for direct audio output. The front panel provides tactile control through physical knobs and buttons, ensuring a straightforward and classic user interface.
