

Cruiser Motorcycle with Backrest

This cruiser motorcycle features a two-seat configuration and a padded backrest for passenger comfort. It is equipped with a chrome exhaust system, front and rear fenders, and engine guards.

Overview

Classic Cruiser Experience

This cruiser-style motorcycle combines a traditional design with practical comfort features for both rider and passenger. Equipped with a padded backrest and engine guards, it is built for stability and relaxed touring. Its black and silver finish, complemented by chrome accents, offers a timeless aesthetic suitable for diverse riding environments.
