

Curved Digital TV Antenna

This curved TV antenna broadens the area of reception. Its design incorporates modern elements of technology.

Product Overview

Innovative Curved Antenna Design

This curved digital TV antenna combines modern aesthetics with advanced reception technology, featuring a sleek design that complements contemporary home decor. Engineered to receive Full HD, digital TV, local VHF, and UHF signals, it ensures high-quality broadcast performance. The unit offers versatile installation options, including tabletop placement or wall mounting, and includes a detachable amplifier to adapt to various signal strength requirements.

Technical Performance

Frequency Range

174 MHz

VHF Min

230 MHz

VHF Max

470 MHz

UHF Min

862 MHz

UHF Max

VSWR Ratings

Band	VSWR
VHF	<2.5
UHF	<3.0

Impedance	75 Ω
Noise Figure	< 3.0dB

Power & Installation

Mounting Options

- Tabletop
- Wall Mounting

Power Requirements	DC 5V/550mA
Power Sources	AC/DC Adaptor, Digital Receiver

Features

Key Features

Full HD Support • Detachable Amplifier • Curved Design • VHF/UHF Compatible
