

Curved Indoor TV Antenna

This curved TV antenna is designed to broaden the area of signal reception. Its modern design provides enhanced performance and clarity for over-the-air broadcasts.

Product Overview

Modern Reception Solution

This curved indoor TV antenna combines a sleek, modern aesthetic with advanced signal reception technology. Designed to complement contemporary home decor, its curved surface area is engineered to broaden reception capabilities for both VHF and UHF signals. The unit includes a detachable amplifier and flexible powering options, making it a versatile choice for high-quality Full HD and digital TV broadcasts.
