

Cutter Mattock with Fiberglass Handle

This cutter mattock is equipped with a plastic-coated fiberglass handle for enhanced durability and a secure grip. Its hardened steel head is designed for demanding digging, chopping, and prying applications.

Product Overview

Heavy-Duty Cutter Mattock

This cutter mattock is a versatile, heavy-duty tool engineered for demanding tasks such as digging, chopping, and prying. Featuring a hardened steel head, it offers exceptional strength and wear resistance for professional use. The handle is constructed from durable fiberglass with a plastic coating, ensuring a secure grip, insulation, and longevity in challenging working environments.
