

Cycling Gloves with Touchscreen Compatibility

These cycling gloves are designed for comfort and performance. They feature touchscreen-compatible fingertips and a patterned palm for enhanced grip.

Overview

High-Performance Touchscreen Cycling Gloves

These cycling gloves are engineered for professional performance, combining a flexible spandex back with a durable microfiber palm. Featuring advanced touchscreen compatibility on the thumb, they allow for seamless device operation without removing gear. The integrated silicone printing ensures superior grip and control, while the neoprene cuff provides a secure, ergonomic fit for both road and mountain biking.

Material & Construction

Detailed view of the glove construction including microfiber palm and touchscreen thumb.

Material Composition

Component	Material / Feature
Back	Spandex for flexibility and breathability
Palm	Microfiber with silicone printing for grip
