Product Overview

Efficient Evaporative Humidification

The HCX-H605T is a high-performance evaporative humidifier designed to improve indoor air quality for spaces between 20 and 30 square meters. Utilizing advanced evaporation technology with a dedicated wick filter, it ensures clean, consistent moisture output. Its sleek, cylindrical design and user-friendly top-filling mechanism make it an ideal solution for modern living rooms, bedrooms, or professional office environments.

Key Performance Metrics

Mist Output

480 ml/hour

Mist Output

3.5 L

Water Capacity

Technical Specifications

Power & Voltage	110V / 240V 50~60Hz
Power Consumption	23 W
Dimensions	270 x 270 x 430 mm
Construction Material	ABS plastic

Features & Functionality

Optional Features

WIFI Enabled

Safety Indicators

- High water level alarm
- Low water level alarm

Core Functions

Humidity Control, Timer, Anion, UV Degerming, Child Lock

Logistics

Packaging Details

Specification	Value
Packing Size	94 x 63 x 48.5 cm
Units per Carton	6 pcs
1x40HQ Container Capacity	1338 pcs (223 ctns)
