

Daisy Vent Air Freshener Clip

This air freshener is designed to clip onto a car's air vent, providing a continuous and adjustable fragrance. It features an adjustable intensity dial, allowing control over the scent's strength and preventing leaks and spills.

Product Overview

Freshness on the Go

The Daisy Vent Air Freshener Clip is a compact, convenient solution for maintaining a pleasant atmosphere inside your vehicle. Designed for easy installation, it clips directly onto standard air vents to deliver a continuous, floral fragrance. With an integrated adjustable intensity dial, users can customize the scent strength to their preference, while the leak-resistant construction ensures a clean, mess-free experience.
