

Dashboard, Leather, and Tire Protection Spray

This aerosol spray is designed for cleaning and protecting vehicle dashboards, leather, and tires. Its formula repels dust, provides UV protection, and leaves a non-sticky finish.

Overview

Comprehensive Surface Protection

This versatile protection spray is engineered to clean, restore, and protect a wide variety of automotive and household surfaces including leather, plastic, vinyl, rubber, and wood. Its advanced formula not only restores original color and finish but also provides a durable shield against UV radiation and environmental wear. The integrated anti-static properties ensure surfaces remain cleaner for longer by actively repelling dust accumulation.

Key Features

Primary Benefits

Dust-Repellant • Non-Sticky Finish • UV Protection • Color Restoration • Anti-Static

Technical Specifications

Container Volume	450 ml
Product Code	AR-1033
Quality Standards	ISO 9001, ISO 14001

Application

Compatible Materials

- Leather
- Plastic
- Vinyl
- Rubber
- Wood

Application Steps

- Thoroughly clean surfaces to be treated
- Shake container well before use
