

# DC 12-80V Truck Forklift Reversing Alarm

This DC 12-80V reversing alarm is designed for trucks and forklifts. It provides a clear audible warning signal when the vehicle is backing up.

## ADDITIONAL IMAGES

## Overview

Reliable audible warning signal for enhanced safety during reversing maneuvers.

## Safety Reversing Alarm

This high-performance reversing alarm is designed for heavy-duty applications, including trucks and forklifts. Operating on a wide voltage range of 12-80V DC, it ensures compatibility with various vehicle electrical systems. Its durable metal housing and IP56-rated protection make it suitable for demanding industrial and construction environments, providing a reliable audible warning to enhance workplace safety.

## Technical Specifications

### Power Consumption

<b>30 W</b> Power	<b>0.5 A</b> Current Min	<b>2 A</b> Current Max
----------------------	-----------------------------	---------------------------

<b>Voltage Range</b>	12-80V DC
<b>Sound Levels</b>	112 / 107 / 97 dB
<b>Sound Modes</b>	White noise, Squawk, Quack, BeeBee

## Construction & Durability

Durable metal housing design suitable for industrial and construction environments.

### IP Rating

IP56 • Waterproof • Dustproof

### Material

Metal

### Dimensions

146L x 105H x 79W mm

## Commercial Terms

### Warranty

12 months

### Customization

Custom color box available for orders of 1000+ units
