

DC Cooling Fan with LED

This DC fan provides optimal airflow and cooling. It features durable construction and an efficient motor for reliable operation.

Overview

High-Performance Cooling Solution

This high-performance DC fan is engineered for optimal airflow and efficient heat dissipation. Built with durable construction and a reliable motor, it ensures consistent operation for electronic devices and computer cases. The integrated LED lighting provides an enhanced aesthetic, while the design focuses on maintaining strong airflow with quiet operation.

Technical Specifications

Power Type

DC

Features

Lighting

Integrated LED

Applications

Suitable Applications

- Computer cases
- Electronic devices
- General heat dissipation
