

# DC Motor for Vacuum Cleaners

This DC motor is designed for vacuum cleaners. It delivers substantial output power for effective cleaning performance.

## ADDITIONAL IMAGES

## Product Overview

### High-Performance Vacuum DC Motor

The CG-DC75 is a specialized DC motor engineered for vacuum cleaner applications, offering reliable power delivery and consistent suction performance. It features a robust metal casing paired with a plastic fan housing, designed for quiet operation and minimal vibration. With its compact dimensions, this motor is an ideal component for various vacuum models requiring extended service life.

## Technical Specifications

### Rated Input Power

<b>40 W</b> Minimum Power	<b>130 W</b> Maximum Power
------------------------------	-------------------------------

### Vacuum Pressure

<b>3 Kpa</b> Minimum Vacuum	<b>9 Kpa</b> Maximum Vacuum
--------------------------------	--------------------------------

### Rated Voltage Range

2.4 V

## Dimensions

### Physical Dimensions

Component	Measurement
Main Diameter	65.0 ± 0.3 mm
Housing Diameter	46 ± 0.3 mm
Total Height	72.5 ± 0.5 mm
Mounting Diameter	20 ± 0.3 mm
