

DC12V Portable Air Compressor with Nozzle Adapters

This DC12V air compressor is a compact and portable solution for inflating tires and other inflatable items. It features a built-in pressure gauge for accurate inflation and includes various nozzle adapters for versatile use.

Overview

Compact Portable Inflation Solution

This DC12V portable air compressor is designed as a versatile and compact solution for roadside emergencies and general inflation needs. Featuring a 300 PSI capacity and an integrated pressure gauge, it ensures accurate inflation for tires and various inflatable items. Its portable design makes it an essential tool for on-the-go maintenance.

Technical Specifications

Maximum Pressure

300 PSI

Pressure

Maximum Pressure (Metric)	20.7 BAR
Maximum Pressure (KPA)	2069 KPA
