

Dead Blow Mallet

This dead blow mallet features a durable, non-marring rubber head, designed to deliver powerful blows with minimal rebound. The ergonomic handle provides a comfortable and secure grip, enhancing control and reducing user fatigue.

Product Overview

Professional Dead Blow Mallet

This dead blow mallet is engineered for precision and power in demanding industrial environments. Featuring a specialized non-marring rubber head, it delivers forceful impacts while effectively minimizing rebound to protect delicate work surfaces. The ergonomic handle is designed to provide a secure, comfortable grip, helping to reduce user fatigue during extended use.

Technical Specifications

Ideal Applications

- Precision assembly
- Surface-sensitive tasks
- Automotive repair
- General maintenance

Head Material	Durable non-marring rubber
Key Features	Non-marring, Low-rebound, Ergonomic handle
