

Deep Cycle Gel Battery

This deep-cycle gel battery is designed for various applications, including renewable energy systems. It features a sealed design and gel electrolyte for enhanced performance and longevity.

Product Overview

High-Performance Gel Energy Storage

These deep-cycle gel batteries provide reliable, maintenance-free power storage for solar energy systems and off-grid applications. Engineered for durability, the series supports repeated discharge cycles to ensure long-term performance. The sealed design enhances safety by preventing leaks and minimizing hazards during operation.

Technical Specifications

Available Capacities

- 24Ah
- 38Ah
- 100Ah
- 150Ah
- 200Ah

Voltage

12 V

Safety & Handling

Safety Warnings

- Avoid short circuits
- Do not charge in a sealed container
- Do not disassemble
- Do not incinerate
- Keep below 55°C

Safety Compliance

Sealed Design, Maintenance-Free, Lead-Acid Chemistry
