

Delta Sanding Discs

These delta sanding discs are made from C-wt craft paper. They feature a hook and loop backing for easy attachment and removal.

Product Overview

Professional Delta Sanding Discs

These delta sanding discs are engineered using durable C-weight craft paper, designed for precision detail sanding applications. Featuring a convenient velcro backing for quick and secure attachment, they allow for seamless transitions between sanding tasks. Available in a versatile range of grit sizes, these discs are an essential tool for achieving smooth finishes in tight corners and intricate workpieces.
