Overview

Compact Hot & Cold Water Solution

This desktop water dispenser features a modern 2021 design, providing both hot and cold water options in a space-saving footprint. Built with a durable galvanized sheet iron side panel and 100% new ABS plastic, it is engineered for reliability in both home and office environments. The system utilizes efficient electric cooling and high-quality food-grade silicone connections to ensure water safety and quality.

Technical Specifications

Power & Voltage

Parameter	Value
Heating Power	580W
Cooling Power	90W
Voltage Range	110-127V / 220-240V
Frequency	50/60Hz

Construction

Materials & Build

- Body: 0.5mm Galvanized sheet iron side panel
- Housing: 100% New ABS plastic
- Water Tank: Stretched SS304 Stainless Steel
- Tubing: Food grade silicone (Soft connection)

Available Colors

Black and White, Silver

Capacity

Tank Capacities

Tank Type	Volume
Hot Tank	1.5L
Cold Tank	3.3L

Logistics

Dimensions & Weight

- Packing Size: 33 x 35 x 52 cm
- Net Weight: 13.4 kgs
- Gross Weight: 14.8 kgs
- Loading Capacity: 1155 pcs per 40'HQ container
