Overview

Compact Precision Marking Solution

This desktop laser marking machine offers a compact and efficient solution for high-speed, high-accuracy marking on a wide range of materials, including metals and plastics. Designed for seamless integration into existing workspaces, it features a robust construction and a user-friendly software interface for easy programming. It is an ideal choice for detailed and consistent applications such as serial numbers, logos, and barcodes.

Technical Specifications

Adjustable Parameters

- Laser Power
- Marking Speed
- Frequency

Marking Capabilities

Serial Numbers, Logos, Barcodes, Permanent Marking

Safety & Design

Safety Features

Emergency Stop • Protective Housing • Fully Enclosed Cabinet • Dust Protection

Design Features

- Compact Desktop Footprint
- Adjustable Height Column
- Integrated Control Panel
- Integrated Cooling System
- Exhaust System

Applications

Primary Industries

Electronics, Jewelry, Industrial Components
