

# Detachable 360° Rotating Space Heater

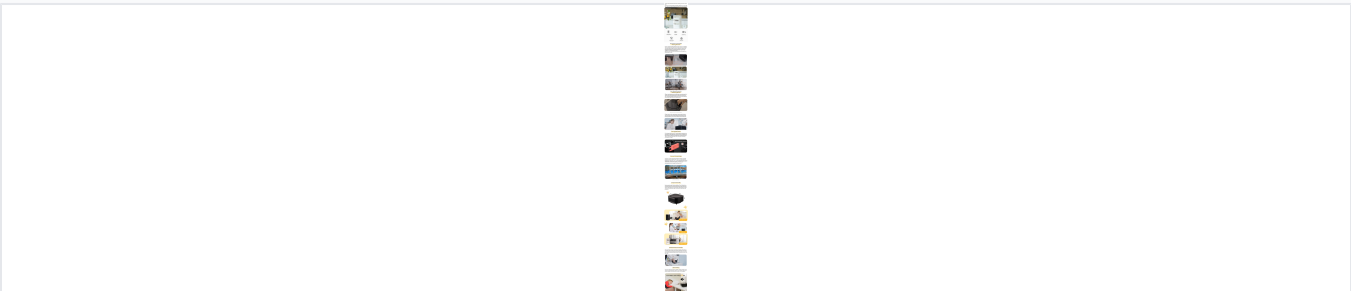

This detachable space heater provides 360-degree heating and includes a remote control. It is designed for multiple purposes with adjustable working time and independent use.

## ADDITIONAL IMAGES

## Product Overview

The innovative modular design allows for independent desktop use or combined 360-degree room heating.

### Revolutionary Modular Heating Solution

This innovative space heater features a unique detachable design that allows for both independent monomer use and combined 360° omnidirectional heating. Equipped with advanced PTC ceramic elements, it delivers rapid warmth in just 3 seconds, making it ideal for targeted heating in offices, bedrooms, and living spaces. The modular structure provides unmatched versatility, allowing users to customize heat output by adding or removing heating units.

## Performance & Power

### Key Performance Metrics

<b>1200 W</b> Combined Power	<b>3 s</b> Heat-up Time	<b>400 W</b> Monomer Power
---------------------------------	----------------------------	-------------------------------

<b>Heating Element Type</b>	PTC Ceramic Constant Temperature
<b>Maximum Expandable Power</b>	1600 W

## Design & Dimensions

Single Unit Dimensions	8.7in x 8.7in x 3.5in
Rotation Range	120 degrees left and right (360° total coverage)
Design Features	Detachable Structure, Hidden Cord Interface, Square Anti-tip Design, Gold-colored Grilles

## Safety & Operation

### Safety Protections

- Auto Shutoff Protection (via lid sensor)
- Automatic power cut-off when monomer is removed
- Constant temperature heating plate design
- Protective safety grille

### Control Options

Remote Control • Bottom Button • Timer (2/4/6/8 hours)

Operating Noise	Less than 35dB
-----------------	----------------

## Temperature Specifications

### Temperature Distribution

Component	Celsius	Fahrenheit
Monomer Heating Plate	105° C	221° F
Outlet Part (Max)	85° C	185° F

## Application

Recommended Environments	Bedroom, Office, Living Room, Desktop, Indoor Use
--------------------------	---
