

Detachable Stand Mixer with Stainless Steel Beaters

This stand mixer includes a detachable hand mixer unit for versatile kitchen use. It features stainless steel beaters and a spatula for efficient mixing and bowl scraping.

Product Overview

Versatile Kitchen Solution

This detachable stand mixer offers exceptional versatility for a wide range of kitchen tasks, combining the stability of a stand mixer with the flexibility of a handheld unit. Designed for efficiency, it features durable stainless steel beaters that ensure consistent mixing results for various ingredients. The unit includes a stable base and a dedicated bowl, making it an essential tool for both professional and home kitchens.
