

Diagonal Cutting Pliers

These diagonal cutting pliers are designed for precise cutting of wires and small components. They feature hardened steel jaws for durability and ergonomic handles for a comfortable grip.

Product Overview

Precision Cutting Performance

These diagonal cutting pliers are engineered for precision tasks, making them an essential tool for electrical work and electronics assembly. The hardened steel jaws and induction-hardened cutting edges ensure long-lasting sharpness and clean, accurate cuts. Designed with user comfort in mind, the ergonomic handles help reduce hand fatigue during extended use.

Technical Specifications

Suitable Applications

- Electrical work
- Electronics assembly
- General-purpose cutting

Construction Material	Hardened Steel
Key Features	Induction Hardened Edges, Ergonomic Handles, Precision Pivot Joint
