

Diamond Cutting Wheel for Hard Materials

This diamond cutting wheel is designed for both dry and wet cutting applications. It is constructed for cutting a variety of hard materials.

Product Overview

Professional Diamond Cutting Performance

This diamond cutting wheel is engineered for high-performance cutting across a variety of hard materials. Designed for versatility, it supports both dry and wet cutting applications to suit diverse job site requirements. Its robust construction ensures durability and sharpness, making it a reliable tool for professional cutting tasks.

Technical Specifications

Maximum Speed

14500 rpm

Max Rotation Speed

Dimensions

105 x 2.0 x 20mm

Application Compatibility

Dry Cutting, Wet Cutting
