

Diamond Saw Blade

This diamond saw blade is designed for cutting hard materials. It features a toothed edge and mounting holes.

Product Overview

High-Performance Diamond Saw Blade

This professional-grade diamond saw blade is engineered for precision cutting of hard materials. Featuring a robust design with a toothed edge, it ensures efficient material removal and clean cuts. The blade includes a central mounting hole and additional stability holes to minimize vibration and enhance safety during heavy-duty operations.

Technical Specifications

Design Features	Toothed Edge, Stability Holes, Central Mounting Hole
Manufacturing Origin	Yichang, China
Serial Number	3103000001
