Product Overview

Professional Cutting Performance

These diamond saw blades are engineered with advanced technology to ensure long-lasting performance and exceptional cutting precision. Designed for versatility, they are suitable for a wide range of materials including reinforced concrete, granite, and natural stone. Built to strict quality control standards, these blades offer the reliability required by construction professionals.

Application & Materials

Compatible Materials

Reinforced Concrete, Clinker, Granite, Roof Tiles, Natural Stone, Artificial Stone, Construction Materials

Technical Specifications

Diameter & RPM Performance

Diameter (mm)	Max RPM
105	14550
115	13280
125	12220
180	8480
205	7450
230	6640
300	5090
350	4360
450	3390
