

# Diamond Saw Blade for Stone and Masonry

This diamond saw blade is designed for cutting stone and masonry materials. Its segmented rim features diamond-impregnated cutting edges for swift, clean cuts.

## Product Overview

### High-Performance Cutting Solution

This diamond saw blade is engineered for high-performance cutting across a variety of stone and masonry materials. Featuring a segmented rim with diamond-impregnated edges, it delivers fast, clean, and efficient cuts for demanding professional applications. The blade is designed for durability and extended service life, making it a reliable choice for both wet and dry cutting environments.

## Technical Specifications

### Compatible Tools

- Angle Grinders
- Circular Saws

### Suitable Materials

Stone • Masonry

Cutting Method	Wet Cutting, Dry Cutting
Rim Design	Segmented
Model Identifier	100F
Product Code	00456898086
