

Diamond Saw Blade with Protective Inserts

High-performance blade designed for cutting hard materials such as concrete, stone, and tile. Diamond inserts on the side faces offer extra protection.

Product Overview

Professional Diamond Saw Blade

This high-performance diamond saw blade is engineered for cutting demanding materials, including concrete, refractory brick, clinkers, and various abrasive surfaces. Featuring protective inserts and a durable design, it ensures longevity and efficiency for professional construction tasks. The blade is suitable for both wet and dry cutting applications, making it a versatile tool for precision work.

Application

Suitable Materials

Concrete, Refractory Brick, Clinkers, Abrasive Materials

Technical Specifications

Available Dimensions

Metric (mm)	Hole (mm)	Seg. Dimensions (mm)
105	16/20/22.23	2.0*7.5
115	22.23	2.2*7.5
125	22.23	2.2*7.5
180	22.23/25.4	2.4*8.0
230	22.23/25.4	2.6*8.0

Cutting Method

Wet Cutting • Dry Cutting
