## Product Overview

### Professional Diamond Turbo Saw Blade

This high-performance diamond saw blade is engineered for precision cutting across a variety of demanding materials, including tile, stone, and concrete. Featuring a hot-pressed turbo rim, the blade delivers enhanced durability, faster cutting speeds, and minimal chipping for clean, smooth results. Designed for versatility, it is fully compatible with both wet and dry cutting applications, making it an essential tool for professional construction, masonry, and tile installation projects.

## Technical Specifications

### Compatible Materials

- Tile
- Stone
- Concrete

### Compatible Tools

- Angle Grinders
- Wet Stone Saws
- Floor Grinders

Cutting Application	Wet Cutting, Dry Cutting
