Product Overview

Versatile Cutting Performance

This diamond vacuum brazed multi-material cutting disc is engineered for high-performance versatility across a wide range of challenging substrates. It is specifically designed to handle materials including marble, ceramic, PVC pipe, spiral steel rod, plaster, and wood with embedded nails. With its robust construction and high-speed capability, it provides a reliable solution for professional cutting applications.

Technical Specifications

Maximum RPM

12200 RPM
Max Speed

Max Linear Speed

80 m/s

Disc Dimensions

125 x 1.8 x 7.0 mm

Compatibility

Suitable Materials

Marble, Ceramic, PVC Pipe, Spiral Steel Rod, Plaster, Wood with Nails

Construction

Technology

Vacuum Brazed • Diamond Coated
