Overview

Minimalist Recessed Lighting Solution

This recessed LED downlight features a precise die-cast aluminum construction designed to provide a minimalist aesthetic for modern indoor environments. It offers uniform illumination through high-quality SMD2835 LED beads and is engineered for efficient thermal management. With its versatile cutout range and multiple power configurations, this unit is an ideal solution for various commercial and residential architectural lighting applications.

Technical Specifications

Available Power Ratings	5W, 9W, 13W, 18W, 24W
Luminous Flux	720 LM
Color Temperature Range	3000K-6000K
CRI	80 Ra

Physical Attributes

Cutout Size	Æ90-Æ100
Outer Dimensions	Æ120*25mm
Material	Die-cast Aluminum
