Overview

Professional Diesel Power Solutions

These robust diesel generator sets are engineered for reliability and consistent performance in both prime and standby power applications. With a versatile power range from 10 kVA up to 2500 kVA, these units are suitable for a wide variety of industrial and commercial environments. The systems feature high-quality brushless alternators and are built for durability, ensuring stable power output even in demanding conditions.

Performance Metrics

Genset Power Range

15 kVA

Minimum Power

3000 kVA

Maximum Power

Alternator Power Range

6.5 kW

Min Output

1760 kW

Max Output

Technical Specifications

Certifications

CE • ISO • CQC

Available Configurations

Silent, Low Noise, Sound-proof, Mobile, Trailer

Warranty and Support

Standard Warranty

1 year or 1,000 hours from date of shipment

Alternator Warranty

15 months or 1,200 hours
