

Diesel Generator Set, 20kW-1200kW

This diesel generator set provides reliable power generation ranging from 20kW to 1200kW. It features a robust diesel engine coupled with a high-efficiency alternator, ensuring stable and consistent power output.

Product Overview

Industrial Power Solutions

This diesel generator series provides robust and reliable power performance for a wide range of industrial and commercial applications. Engineered for efficiency, the units feature low fuel consumption, low emission profiles, and quiet operation with a compact footprint. Each unit is integrated with advanced protection systems that automatically monitor critical operating parameters to ensure long-term reliability.

Performance Metrics

Power Output Range

20 kW

Minimum Power

1200 kW

Maximum Power

System Protection

Automated Safety Systems

- High cooling water temperature protection
- Low oil pressure shutdown
- Overspeed protection
- Automatic power supply cutoff
- Fault warning output

Configuration Options

Available Unit Types

Common Type, Mobile Trailer, Automated/Remote Control, Low-Noise, Telemetry/Remote Inquiry, Multi-parallel Units, Emergency Power Vehicle
