

Diesel Generator Set 3.0kW

This diesel generator set delivers 3.0kW of power at a rated frequency of 50Hz. The unit is equipped with a diesel engine and is suitable for a variety of applications.

Overview

Reliable Power for Demanding Environments

This diesel generator set series offers consistent and dependable power output for agricultural and general utility applications. Engineered for durability, the units feature air-cooled vertical engines and robust construction to handle continuous operation. With multiple model configurations available, these generators provide versatile voltage options and efficient fuel consumption to meet diverse operational needs.

Performance Metrics

Rated Output Power

3 kW Rated Output	3.3 kW Max Output
-----------------------------	-----------------------------

Fuel Consumption	352 g/kw-h
------------------	------------

Technical Specifications

Model Specifications

Model	Net Weight	Dimensions (mm)
ZSH3500L	98	700x470x555
ZSH3500LE	100	700x470x500
ZSH3500N	138	920x530x705

Engine Configuration

- Vertical Air Cooled
- Bore x Stroke: 78x64mm
- Max Power: 4.4kW @ 3600 RPM

Electrical Output

Voltage Compatibility	110V, 120V, 220V, 230V, 240V
DC Output	12V / 8.3A

Operational Features

Fuel Tank Capacity	15 L
Rated Frequency	50 Hz
