Product Overview

BAUDOUIIN GENERATOR

High-Performance Diesel Power Solutions

This diesel generator set offers military-grade quality and industry-leading superpower performance for demanding professional applications. Featuring self-developed ECU technology for enhanced information safety and superior starting performance, it is engineered for high-end users such as data centers. With a super-long overhaul period of 32,000 hours, this unit ensures exceptional reliability and long-term operational stability.

Performance Metrics

Key Performance Metrics

32000 h
Overhaul Period

2000 KW
Max Power Output

7 KW
Min Power Output

Technical Specifications

A wide range of power outputs and housing configurations are available to meet specific site requirements.

Engine Technology

- Self-developed ECU for information safety
- Superior starting performance
- High-efficiency alternator coupling
- Advanced control systems for monitoring and protection

Available Power Range

7KW to 2000KW

Available Configurations

Open-frame, Containerized, Trailer-mounted, Light Tower, Diesel Water Pump

Quality & Compliance

Certifications & Approvals

ISO 9001:2015 • CE • SGS Certified • Military Quality Standards • Domestic Product Certification

Applications

Ideal Applications

- Data Centers
- Industrial Manufacturing
- Commercial Buildings
- Emergency Backup Power
- High-end Infrastructure

Model Reference

Example Power Ratings

Model Series	Rated Capacity
LGBM Series	1975KVA
LGP Series	1000KVA
LGPL Series	750KVA
LGCL Series	150KVA
