Overview

High-Performance Outdoor Power Solution

This diesel generator set offers a robust and reliable power solution engineered specifically for outdoor applications. Featuring a super silent design with a noise level of only 65dB(A) at 7 meters, it balances powerful performance with minimal operational disturbance. The unit is equipped with an intelligent digital control system and is designed for convenient maintenance, making it an ideal choice for both residential and commercial power needs.

Performance & Technical

Noise Level

65 dB(A)/7m
Noise Level

Operating Frequency

50 Hz

Engine Type

4-stroke, 192F

Features

Key Features

- Super silent operation
- Intelligent digital control system
- Compact structure design
- Easy-access maintenance panels
- RS232 serial communication capability

Maintenance Design

Individual access panels, Tool-free component replacement, Easy-access AVR, Easy-access air filter, Easy-access fuel filter

Application

Usage Environment

Outdoor Use Only

Suitable For

- Residential power backup
- Commercial power supply
- Remote location electricity
