

# Diesel Iron Cast Water Pump

This diesel-powered water pump features a durable cast iron construction. It is designed for efficient water transfer in irrigation, construction, and industrial applications.

## ADDITIONAL IMAGES

## Product Overview

### Robust Diesel Water Management

This diesel-powered water pump features a durable cast iron construction, ensuring long-lasting performance in demanding environments. Designed for efficient water transfer, it is suitable for irrigation, construction, and other industrial applications. Its heavy-duty build and powerful diesel engine deliver consistent and dependable operation, making it an ideal choice for professional and intensive use.

## Technical Specifications

### Available Sizes

- 1.5 inch
- 2 inch
- 3 inch

### Starting Modes

Hand Start, Key Start

### Construction Material

Cast Iron

## Applications

### Suitable Applications

Farmland Irrigation • Engineering Projects • Breeding • Firefighting Support

## Maintenance & Efficiency

### Maintenance & Convenience

Simple maintenance design with easy-to-access service points for economical and convenient operation.
