

Diesel Power Generator

This diesel generator provides a reliable power solution for various applications. It features durable construction, ensuring longevity and performance in demanding environments.

Overview

Reliable Power Solution

This diesel generator is a robust and reliable power solution designed for demanding environments. It features a durable construction and an efficient diesel engine, ensuring consistent performance for both residential and commercial applications. With built-in safety features like a low oil warning system and convenient portability options, it provides a dependable power source wherever you need it.

Performance

Rated Power

5 KW

Rated Power

Maximum Power

5.5 KW

Max Power

Technical Specifications

Engine Model	EXD188FA
Voltage	110V, 220V
Frequency	50Hz, 60Hz

Features

Key Features

- Low oil warning system
- Integrated control panel
- Circuit breaker protection
- Portable design with wheels and handles
- Silent operation technology
