

Diesel Power Generator

This diesel generator is engineered to provide a reliable power supply for diverse applications. Featuring a robust construction and an efficient diesel engine, the generator ensures stable and consistent electrical output.

Overview

Reliable Power Generation

The AG-HA-2500/3000 is a robust diesel generator engineered to provide a stable and consistent electrical output. Designed for both residential and commercial applications, it ensures uninterrupted power supply during outages or in remote locations. Its durable construction, combined with a user-friendly control panel and integrated safety mechanisms, makes it a dependable solution for diverse power needs.

Technical Specifications

Model Number	AG-HA-2500/3000
Engine Type	Diesel

Features

Key Features

- User-friendly control panel
- Integrated safety mechanisms
- Sturdy frame for easy transportation
- Durable construction

Suitable Applications	Residential, Commercial, Remote Locations, Emergency Backup
