

Diesel Power Generator

This diesel power generator provides a reliable power solution for various applications. It features a fuel-efficient diesel engine and durable construction for long-lasting performance.

Overview

Reliable Diesel Power Solution

The AG-HA-2500B Diesel Generator is a robust and reliable power solution engineered for demanding environments. It features a durable construction and a fuel-efficient diesel engine, delivering stable power output suitable for both residential and commercial applications. Designed with portability in mind, this generator includes an easy-start mechanism and an intuitive control panel for seamless performance monitoring.

Technical Specifications

Model Number	AG-HA-2500B
Fuel Type	Diesel

Features

Operational Features

- User-friendly control panel
- Compact design
- Portable construction

Safety Features	Overload Protection, Easy Start Mechanism
-----------------	---

Application

Suitable Applications

Residential • Commercial
