Product Overview

YUCHAI GENERATOR

High-Performance Diesel Power Generation

This diesel generator set offers high cost performance and durable quality, engineered for a reliable power supply. With a versatile output range of 10KVA to 375KVA, it effectively meets the needs of most residential and low-power industrial applications. The unit features robust components and advanced control systems to ensure consistent and efficient energy production in various conditions.

Technical Specifications

HONOR AND APPROVAL

Power Range

10 KVA

Minimum KVA

375 KVA

Maximum KVA

Available Voltages

380V/220V, 400V/230V, 415V/240V, 440V/254V

Controller System

Smartgen HGM6110 or HGM6120 with AMF function

Key Features

Included Components

- CHINT MCCB circuit breaker
- Industrial muffler
- 40 degree radiator
- Base fuel tank (8-hour capacity)
- Vibration isolators
- Integrated wiring design

Build Quality

- Top lifting points
- Steel base frame with forklift holes
- Fuel tank drainage system
- Complete safety protection labels

Optional Accessories

- Auto transfer switch (ATS)
- Paralleling switchgear
- Battery charger
- Water jacket preheater
- Oil heater
- Double air cleaner
