

Diesel Silent Generator, 2.8-6.0 kW

This diesel silent generator provides a power output ranging from 2.8 to 6.0 kW. Its soundproof canopy reduces noise, making it suitable for various applications.

Product Overview

Reliable Power Generation

This diesel silent generator is designed for dependable power generation across a wide range of applications. Enclosed in a soundproof canopy, it significantly reduces noise levels during operation, making it suitable for residential, commercial, and industrial environments. It features a robust engine for stable output and is mounted on wheels for enhanced portability.

Technical Specifications

Power Output Range

2.8 kW

Minimum Output

6 kW

Maximum Output

Fuel Type

Diesel

Features & Design

Control Panel Monitoring

- Voltage
- Current
- Frequency

Design Features

Silent Operation, Soundproof Canopy, Portable, Wheeled Base

Applications

Suitable Environments

Residential • Commercial • Industrial
