

Diesel-Solar Hybrid Power Generator

This hybrid generator combines diesel and solar power sources for reliable energy generation. It features a super silent design, making it suitable for use in noise-sensitive environments.

Product Overview

Versatile Hybrid Power Solution

This hybrid power generator integrates advanced solar input with traditional diesel power to provide a highly flexible energy solution. Designed for reliable performance in both indoor and outdoor settings, the unit is engineered for portability with an integrated wheel mount system. It features multiple power outputs including AC and DC 12V, making it suitable for a wide range of professional applications.

Technical Specifications

Compliance Standards

ISO 9001 • CE

Output Metrics

50 Hz

Frequency

12 V

DC Output Voltage

8.3 A

DC Rated Current

Key Features

Solar-Diesel Hybrid, Super Silent Design, 100% Copper Wire, Portability Wheels, Multiple Power Outputs

Safety and Maintenance

Safety Systems

- Low Oil Warning System
- Auto-Stop Functionality
- Pressure Alter Lamp
- Engine Oil Maintenance (10W30, 100hrs)
